## THE CONTEST CASES SET FOR APRIL 30.

When A Motion Will Be Made  
To Dismiss For A Lack  
of Jurisdiction.

### THE FACTS AS AGREED UPON.

Each Side Will Have Four Hours To  
Present Its Argument.

Washington, April 16.—Louis McQuown and Helm Bruce, respectively attorneys for the Democratic and Republican contestants of the job of governing the State of Kentucky, are in the city to present their claims before the Supreme Court.

The case was today docketed, and a motion was made to have it advanced on the calendar so as the court can take action immediately.

The case was set for April 30, and four hours given on each side.

Mr. Bruce called up the case and asked for six hours on each side for argument and April 30 as the day of hearing. He thought when the motion to dismiss was made and argued the attorneys for both sides should be permitted to make very full statements.

Mr. Bruce was apparently about to make an extended explanation, when he was interrupted by Chief Justice Fuller, who said that the case was set for April 30, and that eight hours (four on each side) would be given up for arguments. The attorneys understood beforehand that the date asked for would be agreeable to the court. They were not surprised when they did not get the six hours asked for on each side for argument. They knew that it was an especially long time for set speeches.

The small Supreme Court room was crowded at the time to hear the proceedings in the famous case. After the court had fixed the date the court-room was quickly emptied.

A brief statement, in which counsel for both Taylor and Beckham joined, was filed at the time of docketing. In this agreed statement, as reasons for an early hearing, it is set forth that both Taylor and John Marshall, on the Republican side, and Beckham and L. H. Carter, president pro tem. of the Senate, and John B. Castleman, as Adjutant General, on the Democratic side, are each and all claiming the right to and are actually attempting to exercise the powers of the respective offices severally claimed by them, thus producing great confusion in Kentucky, by reason of the doubts as to which of the persons named has the lawful right to exercise the authority pertaining to the several offices named, all to the great injury and detriment of the people of the State.

The agreed statement then continues as follows:

"Thus, under the Constitution and laws of Kentucky, the Governor of the State, in addition to being charged generally with the duty of seeing that the

laws are faithfully fulfilled, is specially charged with the duty and invested with the power of filling many important offices in the State by appointment, some by original appointment and others by appointment to fill vacancies; and also with the power to issue commissions to many officers, whether appointed by him or elected by the people, and also with the power to issue pardons and to remit fines and forfeitures.

"Both plaintiff in error, Wm. S. Taylor, and defendant in error, J. C. W. Beckham, are claiming the right to perform all the functions of the aforesaid office of Governor and each of them is attempting and has actually attempted to perform of the said functions, such, for example, as issuing pardons and filling offices by appointment, etc.

"Some of the officers of the State recognize the acts of the plaintiff in error, Wm. S. Taylor, as the lawful acts of the Governor of the State, and refuse to recognize similar acts by defendant in error, J. C. W. Beckham, while other officers of the State recognize the acts of J. C. W. Beckham as the lawful acts of the Governor of the State and refuse to recognize the acts of Wm. S. Taylor as Governor.

"Among other officers whom the Governor is authorized and required to appoint are the officers of the eleemosynary institutions of the State; and each of the said two claimants to the office of Governor has attempted to fill said offices and some persons recognize the authority of the appointees of one of said claimants to the offices and refuse to recognize those of the other, and vice versa.

"By reason of all these facts and others which might be enumerated it is of the utmost importance to the people of the State of Kentucky that the question of the right of the offices involved in the aforesaid litigation be determined. The question of law involved in said causes are of very great and grave interest and importance, involving the nature and extent of the powers of an election contest tribunal and the powers of the judiciary with relation thereto."

While Mr. Bruce was making his statement the Chief Justice asked him if he did not expect the question of jurisdiction to be raised and whether he did not also expect a motion to dismiss. Mr. Bruce replied that both were probable, but that there was such confusion in the state that all were anxious for a decision during the present term of court, and that the course undertaken was apparently the only one practicable.

He added: "If the court should sustain the motion to dismiss for lack of jurisdiction, that result would, of course, end the controversy." If the opinion on such a motion should be adverse to dismissal, it would then, he admitted, probably be too late to hear the case on its merits.

### MASONIC CEREMONIES.

Clement, deceased, at Allen's graveyard, near Sugar Grove church. Everybody come out. All Masons are requested to meet at Sugar Grove church to arrange for the procession.

G. C. Wathan, Sec'y.

By a vote of 240 to 15 the House adopted a resolution providing for a constitutional amendment permitting the election of United States Senator by popular vote.

## THE FARMERS

To be Urged to Form and Agree  
to a Trust in Order to

Restrict the Production of Wheat at  
Least 20 Per Cent.

Minneapolis, Minn., April 14.—All the farmers of the world in a sort of international trust to restrict the production of wheat and raise prices is the plan which is hoped to carry into effect at the international agricultural conference in Paris, July 9-16. It is proposed to ask the farmers of the world to reduce their wheat output by 20 per cent. and not to sell a bushel for less than a dollar.

J. C. Hanley, of St. Paul, Minn., executive agent of the Farmers Alliance and Industrial Union, the National Cotton Growers' Association, the Farmers Federation of the Mississippi Valley and National Grain Growers' Association, is the chief promoter of the International Agricultural Trust in America.

Prof. G. Ruhland, of the University of Fribourg, Switzerland, is the chief promoter of the plan in Europe.

While 20 per cent. reduction in acreage is desired, Mr. Hanley points out that if only 5 per cent. can be secured the world's wheat crop will be reduced about 125,000,000 bushels, which is, he says, enough to bring the price at Liverpool up to \$1. To help out the effect of a restricted production the farmers are to hold their wheat for ninety days and are to market it at not less than a dollar a bushel.

## KILLED HIS BROTHER.

Jerry Sullivan Shot and Killed By Wm.  
Sullivan.

Jerry Sullivan, of near Blackford, was shot through the heart on last Saturday by his brother, Wm. Sullivan. Young Sullivan arrived here Monday morning and surrendered himself to Jailor Page and was given an examining trial before Judge Hall yesterday evening, but on account of the illness of the court, the argument of the counsel will not be made until tomorrow, after which it is the most probable that he will be released on the ground of self defense. The witnesses in the case swore that Jerry Sullivan was the aggressor and was rushing on to William Sullivan with a rock, when the shot was fired. County Attorney Henry conducted the prosecution and W. E. Bourland represented Sullivan. A few years ago Jerry Sullivan was sentenced to the penitentiary for white capping, and when his time was served, he returned home. He is said to have been a very bad man.—Dixon Journal.

### Guess-Springs.

Mr. E. L. Guess, a popular young farmer of the Repton neighborhood, and Miss Mamie Springs, of the Hebron neighborhood, were united in marriage, at the residence of William Duvall, Rev. E. B. Blackburn officiating. The ceremony took place on Wednesday April 11, at 8 o'clock, in the evening, in the presence of many friends. The young couple will reside at Repton. The bride and groom are well known and their many friends wish them a long and happy married life.

### Vaughn-Worley.

On Wednesday evening of last week, Mr. Gus Vaughn and Miss Worley were united in marriage at Hebron, Rev. B. A. Canfield officiating. The house was filled with the friends of the contracting parties, gathered to witness the consummation of the event. After the ceremony the bridal party was given a reception at the residence of Mr. Carl Flanary. An elegant supper was served in the hospital Kentucky style, and a mirthful evening was spent by the large party, who honored the event with their presence. A wedding dinner was served the next day at the home of the groom.

Both are popular young people, and they have the best wishes of a large circle of friends and the Press joins with them in extending congratulations.

### ALMOST BLIND.

My little four year old girl's eyes were so weak from birth, that she could not stand any light at all. Was treated by several physicians without benefit. My neighbors induced me to buy Morley's Sarsaparilla and Iron from Mr. O. Daugherty, Banock, Ky. Three bottles not only restored her sight, but made her stronger and healthier than she ever was in her life.

### ALUMNAL.

The Graduates to be Entertained  
By Charles Lane.

Marion Graded School's annual Alumnae, meets at Marion School Hall, Monday evening 7:30 o'clock. A splendid program and excellent lecture from Hon. Chas. Lane, of Georgia Polytechnic Institute, Atlanta, will be had. The public is cordially invited to attend the lecture at Opera House.

### Flowers and Music.

Flowers and music were prominent features in the churches Sunday. At the Methodist church there was a profusion of potted plants tastefully arranged around the chancel and in the altar. The choir rendered some inspiring melodies. A solo by Miss Maud Roney was especially appreciated by the large congregation. She has a sweet strong voice, full of melody, and she sang "Consider the Lilies" faultlessly, and never were the words of the Master more vividly, yet more tenderly, impressed upon the minds and hearts of the congregation.

### Railroad Enterprise.

A gentleman prominent in railroad circles is making enquiries about the grade, etc., of the long proposed road from Marion to the Ohio River. His connection with such enterprises makes the enquiry of interest to the public here, and will have a tendency to inspire hope of the construction of this road.

Both the Southern railway officials and leaders of the striking telegraphers profess to be encouraged over the strike situation.

### WAR TO THE DEATH.

Pests Of The Poultry Yard Must  
Go!

American Lice Destroyer Kills More  
Mites, Lice and Other Vermin In a  
Day Than all Other Remedies  
Combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use! This preparation is wonderful in its power, and vermin cannot exist 24 hours after it is applied to the coop or fowls. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. When this Destroyer is used, profits at once increase. Lice and vermin do more to kill profits than all causes combined. You know it. Don't go losing money every week, but try American Lice Destroyer. You may have tried things without success, but if this fails you can your money back. We are in this fight to stay, and will back Destroyer against any number of mites or lice you may have. Don't fool away money with "receipts" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can ask? If your druggist don't sell American Lice Destroyer, he's behind the age. In that case send for \$1.00 box at once. Made only by American Mfg. Co., Terre Haute, Indiana.

## A PRIMARY ELECTION

June 2, to Nominate a Candidate for Congress.

Fulton, Ky., April 17.—The First District Committee fixed June 2, as the date and agreed upon a primary with the door wide open to every legal voter who pledges to support the ticket.

The election is not to be held under the law but the good old Democratic way. Each candidate is to share the expense of holding said primary which will be light.

### MUSICAL AND SOCIAL.

Mrs. J. W. Trisler, assisted by Misses Bessie Trisler and Clara Taylor, entertained her music class and former pupils at her home on Friday evening of last week. The forepart of the evening was devoted to music, the following program having been prepared:

"Happy Days Waltz,"—Thone. Stella Redd.  
"Echo Waltz,"—Pratt. Mamie Henry.  
"Peri Waltz,"—Gooch. Rufus Terry.  
"Dream Waltz,"—Chase. Lena Terry.  
"Circus Parade,"—Frost. Kathie Woods.  
"Maiden's Dream,"—Badar. Kittie Moore.  
"Blue Bird Echo,"—Morrison. Daisy Clark.

Then delightful refreshments were served, after which Crokinole, Carroms and other games were played until the lateness of the hour warned the guests it was time to say good-night.

The enterprising, pushing mill firm of Clark & Kevil, proprietors of the old reliable Marion Roller Mills, have opened an exchange at Blackford, and will keep their popular brands of flour—"Dew Drop" and "Little Beauty," as well as other mill products, on sale and to exchange for grain, and will also buy grain at that place. This arrangement practically gives the people of that section a mill at their town, and a mighty good one, owned and operated by clever gentlemen, and the best of millers, Mr. Will Peck, who has been with the firm some time, will have charge of the exchange, and he is a straight pleasant man to do business with.

Clyde Moore, son of Mr. R. A. Moore, of this place, was very sick the first of the week, and on Tuesday his friends were alarmed over his condition, but later his condition was much improved. He was unconscious awhile Tuesday, had very high fever and suffered intensely. A few days ago, while suffering with another boy, he accidentally received a hard blow on the head and it is thought that this caused the trouble.

A zinc crusher was hauled over to Salem yesterday for the Eagle Spar Co. It is a heavy piece of machinery, weighing about 7000 pounds; with six stout horses, Tom Barnes pulled it over to its destination, where it is confidently expected to make some dollars for the enterprising gentlemen, who are spending a lot of money in the plant.

Mrs. Mollie Worsham, a daughter of Dr. J. A. Hodge, of Henderson, died at her home in Evansville Monday. Dr. Hodge lived in Marion many years ago, and has friends and kinsmen here now who will regret the death of Mrs. Worsham. Her husband is one of the prominent physicians of Evansville.

Col. Copeland, one of the best known lecturers will entertain the school and the public in general at the opera house Monday night. The public should extend a liberal patronage. The school first made arrangements for Prof. Lane, but later the change was made. It's a rare treat to hear Col. Copeland.

Mr. Boyd Gahagan, of near Weston, paid us a call Tuesday. The coal miners strike involves his job as he is the night watchman at the river connection of the Grangerstown mines.

## TEN INDICTED

By The Franklin County Grand Jury For Complicity in the Goebel Murder.

### THE JURY STILL IN SESSION.

Frankfort, Ky., April 17.—The Grand Jury this afternoon returned indictments against ten persons arguing them with complicity in the murder of Goebel.

The Principals are Henry Youtsey, James and Berry Howard, Harlan Whittaker and "Tallow" Dick Combs.

The accessories before the fact are Caleb and John Powers, Chas. Finley, W. H. Culton and Wharton Golden.

In the indictment relating to the alleged accessories three men are practically accused as accessories, but no indictment has yet been reported against them; they are Wm. S. Taylor, Green Golden and Captain John Davis.

The grand jury was not discharged but will continue its investigation to-morrow. Bench warrants will be sent to Clay and Harlan counties for the arrest of the Howards. The defendants now in custody will probably be arraigned during the present term, but there is no likelihood the trials will occur at the present term.

The indictments returned are as follows:

Franklin Circuit Court. The Commonwealth of Kentucky vs. Henry Youtsey, James Howard, Berry Howard, Harlan Whittaker and Richard Combs. Indictment for wilful murder.

The grand jury of Franklin county by authority of the commonwealth of Kentucky accuse Henry Youtsey, James Howard, Berry Howard, Harlan Whittaker and Richard Combs of the crime of wilful murder committed as follows, viz.: The said Henry Youtsey, James Howard, Berry Howard, Harlan Whittaker, Richard Combs and others, acting with them, but who are to this grand jury unknown, in said county of Franklin on Jan. 30, 1900, unlawfully, wilfully feloniously, of malice aforethought and with intent to kill, did kill and murder William Goebel by shooting and wounding him with gun or pistol ball, and from which said shooting and wounding said Goebel died on the third day of February, 1900, and the aforesaid grand jury does further charge that one of the above named defendants or another person then and there acting with them, but who to this grand jury unknown, did, as foresaid, then and there kill and murder said Goebel, and of said defendants did then and there counsel, advise, assist, aid and abet the same, but which actually fired the shot and which so counselled, advised, aided, abetted there in is to the grand jury unknown.

The grand jury of Franklin county accuses Charles Finley of the crime of being accessory before the fact to the wilful murder of William Goebel, committed as follows:

The said Charles Finley in the said county of Franklin on Jan. 30, 1900, unlawfully, wilfully feloniously and of his malice aforethought and with intent to bring about the death and procure the murder of William Goebel, did conspire with Caleb Powers, F. W. Gilden, Green Golden, John L. Powers, John W. Davis, W. H. Culton, W. S. Taylor, Henry Youtsey, Harlan Whittaker, Richard Combs, and others to this grand jury unknown, and did counsel, advise, encourage, aid and procure Henry Youtsey, James Howard, Berry Howard, Harlan Whittaker, Richard Combs, and other persons to this grand jury unknown, unlawfully, feloniously and of their malice aforethought, to kill and murder William Goebel, which one of the last five above named persons, or another person acting with them but who is to this grand jury unknown, so as aforesaid then, there and thereunto by said Charles Finley before the fact counselled, advised, encouraged, aided, procured and did by shooting and wounding said Goebel with gun or pistol ball, and from which shooting and wounding said Goebel died on Feb. 3, 1900, but which of said last above mentioned persons so as aforesaid, actually fired the shot that killed said Goebel is to this grand jury unknown.

## NO PISTOLS

Allowed in the Court Room at the Colson Trials.

Frankfort, Ky., April 17.—This morning's session of the Franklin Circuit Court was opened in true East Kentucky style, Deputy Sheriffs being posted at each entrance to the courthouse to search for concealed firearms all who applied for admission.

The order was issued before the convening of court by Judge Cantrill, presumably because of the calling today for trial of the case of Col. David G. Colson, the surviving principal of the Colson-Scott pistol duel of January 18, last in the lobby of the Capitol Hotel.

No one objected to being searched, though quite a number turned away upon learning of the order, and, after walking around a block, returned and submitted to the search.

The Colson case was called at 1:45 and both sides announced ready to go into trial. Everyone entering the courthouse was searched by Deputy Sheriffs and Judge Cantrill was more precise in his instructions to the court officials than usual.

Joe G. McCain, of Shady Grove was in town yesterday; he tells us that he is arranging to move to Kansas.

### ALUMNAL MEETING.

Let every graduate of Marion School be present Monday evening at the Alumnae gathering. If you do not remember the school sufficiently to let such an opportunity of meeting your classmates and friends of the old days bring you to these halls, it certainly is due to strong prevention or because the school has no claims upon your good will nor you upon it. I hope to see you, those furthest removed from us, we will give you the cheeriest welcome in our power. Chas. Evans.

### NOTICE NORMAL TERM.

Due to lack of county interest in the proposed normal by Prof. A. L. Peterman and myself, I will say that Mr. Peterman will not be here, but all those interested in a Normal term of four weeks meet me at Marion school building, Monday morning, April 30th. CHARLES EVANS.

### MRS. FRED CLEMENT.

On April 7th, surrounded by friends and loved ones, Mrs. Fred Clement passed peacefully from her earthly to her heavenly home, leaving broken hearts on earth, but meeting a Redeemer's welcome in that mansion not built with hands. She was born May 11, 1876, and was the daughter of W. T. and M. P. McNeely, of Lyon county. She was married to Mr. Fred Clement, Sept. 9, 1896, and the union proved to be a happy one. She was a true and affectionate wife, and a loving and kind mother to the step children who learned to love her as a mother. She was a member of the Baptist church, and died with the sweet consolations of the christian's faith. She was resigned to the providence of God in calling her from a home she loved, and bid husband and children to meet her in the brighter world above. May the same faith that cheered and comforted her in life, as well

as when passing through the "dark valley" of death, lead those she loved along smooth paths in this world, and be their stay and hope, when they come to "pass over the river and rest under the shade of the trees," is the prayer of

ONE YEAR ONE DOLLAR

"Bryan and Dewey" sounds well.

Gen. Joe Wheeler is disappointed that the Governor of his State has not called an election to name the General's successor in Congress.

We seemed to have had two county judges in this county Saturday and Monday, and the Court of Appeals may have to decide whether it was the one on or the one off of the bench that is to be recognized in the matter in controversy.

And Mr. Clark will not be admitted to the Senate because he bought his seat. It is not at all improbable that if all who invested in titles of this kind, were thus turned down, there would be more than one vacant chair in the House of Lords.

The people of Porto Rico are face to face with a famine. The price of food is beyond the reach of the masses, and the tariff bill recently passed by congress will enhance the prices still more. Those who can are leaving the island to seek employment elsewhere.

Congressman John Rhea made one of the best speeches the discussion of the Porto Rican tariff bill called forth. His point that if the constitution does not extend to the island, there will be no sense in obligating the officers appointed to govern it to support the constitution, remains unanswered.

Though the rules of society and the rulings of the court sometimes appear hard and there are those who chafe under these barriers, it is always better in the long run to bear the few and inconsequential ills they bring than to fly to those that are sure to follow, if we endeavor to break over the lines that distinguish us from the savage.

The Democratic organization at Chicago has decided to give Admiral Dewey the "glad hand" on the occasion of his forthcoming visit to that city. It is presumed that as he has made known his politics, he is solid enough in his Democracy to support the nominee, even if he is not the fortunate winner of that prize. It is stated that he and Bryan will meet in Chicago.

Under the law recently passed by Congress, the President may have affairs to run his own way in Porto Rico, and there are some pretty fat jobs at his disposal. He appoints the Governor, salary \$8,000 a year; Secretary of the council, salary \$4,000; Attorney General, \$4,000; Treasurer, \$5,000; Auditor, \$4,000; Commissioner of the Interior, \$4,000; Commissioner of Education, \$3,000; Chief Justice, \$5,000; four Associate Justices, \$4,500 each; a marshal of the court, \$3,500; a District Judge, \$5,000; District Attorney, \$4,000; District Marshal, \$3,500; three members of a commission to codify the laws of the island, \$5,000 each; five members of the Executive Council whose salaries are to be fixed by the legislature. He also appoints the members of the higher branch of the legislature, a majority of whose members may be citizens of the United States. The inhabitants of the island are permitted to name the thirty-five members of the lower branch of the legislature, and one commissioner to the United States. If the Portoricans call this freedom they are mighty easily pleased. That the addition of the offices to the available list of appointments, is invigorating to the friends of the administration goes without saying. Once embarked on a scheme of this kind we may yet know by experience what the feelings of Alexander the Great were when he shed tears because there were no more worlds to conquer.

Secretary Hay formally notified the Madrid Government that the United States cannot accede to its claims that Sibutu Island and Cagayan Sula, of the Philippine archipelago, belong to Spain.

The House passed the Porto Rican tariff bill, as amended by the Senate, by a vote 161 to 153.

### STOCK ORDINANCE.

The City Council of the City of Marion, Ky., do ordain:

That Sec. 1, of Ordinance No. 16, entitled a Stock Ordinance, be amended so as to read as follows:

That no cattle or other stock of any kind shall be permitted to go at large upon any of the streets, alleys, un-inclosed lots or places in the city of Marion; except milk cows may be permitted to run at large in said city during the months of April, May, June, July, August, September and October. Passed and approved this April 17, 1900.

J. W. BLUE, JR., Mayor.  
J. C. BOURLAND, Clerk.

### A WARM CASE.

Two Courts Pass Upon An Application for License.

One of the warmest little fights that has been before the courts in many a day grew out of the application of Si Franklin for merchants license to sell liquor at Milford. The first application came up for hearing at the March term of county court. Judge Rochester refused to grant the license, and a new application was put in at the April term, and the matter set for a hearing last Saturday. When the day came, the attorneys filed an affidavit with the county clerk "swearing" Judge Rochester off of the bench. When the hour for trial arrived, Judge Rochester was on the bench and announced that he was ready to hear the attorneys for the applicant on the affidavit, but the attorneys took the position that the filing of the affidavit vacated the bench without further ceremony, and they declined to go before Rochester. He declined to vacate, dismissed the motion asking for the license and adjourned court. In the mean time the nearest magistrate had been summoned, and Squire Frank Conger took the bench, and then came a lively argument as to the right of the magistrate to preside and take up the case. He decided that he could legally sit as the court, and then followed the hearing of the case. After hearing the witnesses, and argument, Squire Conger refused to grant the license, and thus ended the tempest.

### DEMOCRATS WIN

In the Circuit Court, for Minor State Offices.

Frankfort, Ky., April 17.—An order entered in the Franklin Circuit Court this morning by Judge Canttill disposes of the contest cases for the minor State offices, holding that the Democratic plaintiffs are the regular State officials, and unless a bond is executed to take the case up to the higher courts the pretenders will have to move out.

To the Collectors for the Coebel Monument.

Ladies, I trust you are all having good luck. We have had reports and settlements from several districts; they have been very satisfactory—the best so far, territory considered, is from Odessa district, Mrs. R. W. Vanhooser, collector. If we don't double our efforts, Mrs. Vanhooser and Odessa may hold the palm in the final count. I am greatly pleased at the interest the children are taking, almost every list contains names of more children than grown people. I should be glad if each collector that has not reported would write me and tell me how she is succeeding. We have received some certificates, but not quite enough to supply the districts that have reported. We hope to have more soon. They are very pretty; the picture of Goebel on the certificate is small, but very much like him. I hope every democrat in the county may get one.

Yours cordially,  
Mina Wheeler.

## Half Sick Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and scaly and disfigured with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? Impure blood. And the remedy?

**Ayer's Sarsaparilla**

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure. If there is constipation, take Ayer's Pills. They awaken the drowsy action of the liver; they cure biliousness.

**Write to our Doctor.** We have the exclusive services of some of the most eminent physicians in the United States. Write freely all the particulars in your case. You will receive a prompt reply, without cost. Address, Dr. J. C. Ayer, Lowell, Mass.

## Every Month

there are thousands of women who nearly suffer death from irregular menses. Sometimes the "period" comes too often—sometimes not often enough—sometimes the flow is too scant, and again it is too profuse. Each symptom shows that Nature needs help, and that there is trouble in the organs concerned. Be careful when in any of the above conditions. Don't take any and every nostrum advertised to cure female troubles.

## BRADFIELD'S FEMALE REGULATOR

is the one safe and sure medicine for irregular or painful menstruation. It cures all the ailments that are caused by irregularity, such as leucorrhoea, falling of the womb, nervousness; pains in the head, back, breasts, shoulders, sides, hips and limbs. By regulating the menses so that they occur every twenty-eighth day, all those aches disappear together. Just before your time comes, get a bottle and see how much good it will do you. Druggists sell it at \$1.
